

## Drone Fun!

Get ready for an exciting adventure into the world of drones!

Students will learn the basics of how a drone flies through hands-on activities, interactive games, and beginner-friendly flight experiences. They will practice safe flying skills, complete exciting obstacle courses, and discover how drones are used in real life for photography, farming, search and rescue, wildlife conservation, and more.

All drones are provided. No previous drone experience is required – just curiosity and a willingness to learn. Fun for girls and boys.

at

**Hampton Roads Academy**

**Tuesdays only – September 8 – October 27**
